It was reported that the planning forum had no objections to this planning application, however concerns were raised in regards to the traffic flow to the site from potential customers causing more damage to the current road surface and health and safety issues to pedestrians.

At 7.51pm it was resolved to go back to agenda Item 5

LCC Cllr Bowkett reported the following:

- Commencing from the 1st July 2019 Fire Stations are acting as first responders for residents that have fallen
- The Wellbeing Service commissioned by LCC to run in the ELDC area will be using Spilsby Fire Station as a halfway house to ensure that responders get to residents within the 45 minutes after a call out.
- During the first financial quarter 27596 potholes were repaired, with 6824 still waiting to be done and 1385 queries outstanding.
- During the summer months 760 roads in Lincolnshire have been resurfaced.

Cllr Bowkett informed the Parish Council that the footpath leading to the A16 had not been done as it was too narrow do be done by the slurry machine.

A query was raised to Cllr Bowkett in regards to having a permanent 20mph speed limit outside the school. She replied that it would be believed that this was probably be unlikely but the need would have to be brought to the attention of LCC directly by the school.

An additional question was asked regarding Peasgate Lane being resurfaced. Cllr Bowkett answered that following the tour around the village with Highways a few months back it was agreed that this area would benefit being stoned instead of being tarmacked as this did not comply with being a main road.
